SUMMARY

UI/UX Designer with 3 years of experience grounded in user-centered design and design thinking, spanning user research, usability testing, and heuristic evaluation through to wireframing, prototyping, and high-fidelity UI design. Skilled in translating user insights into design solutions through close collaboration with cross-functional teams and stakeholders. Experienced in iterative design through feedback loops, A/B testing, and user testing, with hands-on knowledge of WCAG 2.2 accessibility standards. Proficient in Figma and Adobe XD, with a strong passion for resolving real user pain points. Comfortable operating across both UI/UX and product design, contributing to product discovery, design sprints, and data-driven decision-making to ship end-to-end, user-focused solutions.

WORK EXPERIENCE

UI/UX Designer - GRK Info Services Pvt. Ltd. Feb 2024 - Jul 2026

- Built and maintained a scalable design system with 40+ reusable components, design tokens, and interaction guidelines, reducing design-to-dev handoff time by 30% across all product teams
- Designed user flows, wireframes, interactive prototypes, and high-fidelity mockups in Figma for 5+ web and mobile applications; applied mobile design best practices to improve usability across screen sizes
- Led user journey mapping and heuristic evaluation sessions that uncovered 15+ critical UX issues, directly informing product roadmap priorities and improving task completion rates
- Collaborated cross-functionally with product managers, engineers, and stakeholders to align UX solutions with business goals; applied information architecture principles to reduce navigation errors by 25%
- Ensured all interfaces met WCAG 2.2 accessibility guidelines; iterated on designs using A/B testing insights and user feedback loops across multiple product lines

UI/UX Design Intern - GRK Info Services Pvt. Ltd. Aug 2023 - Feb 2024

- Conducted end-to-end user research including user interviews, surveys, and usability testing to identify pain points and validate design decisions across 3 product lines
- Created wireframes, user personas, and low-to-high fidelity prototypes in Figma under senior designer mentorship; contributed to the company-wide design system library
